Swim scheme for our students in Years 2-6 is just about wrapped up for another year. I had the great pleasure to attend one session and it was a fantastic experience. Our students were engaging in lessons and improving their water safety and swimming skills. Our staff were working so enthusiastically to ensure everyone increases their water confidence. We are a great school because everyone works together for the students. Swim scheme is but one example of this! Well done Manning Gardens PS – a tremendous team effort and team success story!

Swimming School

Year 2-6 Intensive Swimming

Some students across the Support Unit and Mainstream year 2-6 classes have been attending the Intensive Swimming Program at the Aquatic and Leisure Centre in Taree. The program has been running this week and will continue next week (week 4). So far, the students have thoroughly enjoyed the program, built confidence and swimming technique. Well done to all the staff, parents and the students involved within the program.

Remember students and parents that Kindergarten to Year One to return notes for Water Confidence Program will commence in week 6 on Monday the 11th of November. This is fantastic program for younger students as it builds confidence and water awareness. All students enjoy and benefit from this program every year.

Please return permissions notes to the office.

Lesson's in Poetry

5/6C have been enjoying some great Lesson's in Poetry writing with National Slam Poet winner - Luka Lesson! Luka taught the students to write poetry from their hearts and to express themselves through their poetry. 5/6C thoroughly enjoyed the experience. Below are some pictures of Luka Lesson's *Lesson with Poetry!*

Here is jade with 'Luka lesson' - Her idol!!!

Halloween Fun!

SCB have been investigating Global Connections in HSIE. We discussed products from different countries, which then developed into a talk about Halloween and why it is celebrated. After this discussion we created Jacko Lanterns for Halloween. Here is a picture of our Jacko Lanterns.

Kindergarten Scientists

Kindergarten have been learning about *the 5 human Senses - Hearing, Tasting, Seeing, Smelling and Touching*, with Miss Barry during Science Lessons. Kindergarten have been turning into Scientists to complete experiments about the 5 Senses. Below are some photos of Kindergarten enjoying exploring and creating in Science!

Music Fun!

Music is a very important part of the curriculum here at Manning Gardens P.S. Students can participate in a range of different music lessons including Drumming, Percussion, Dancing, Recorders and Choir just to name a few. At the end of the year there will be a whole school concert to showcase all of the wonderful musical abilities of our students and teachers! - Date to be announced soon! There will also be a school spectacular event on at the Manning Entertainment Centre with a selected group of students from our school participating. This concert will be on Saturday the 23rd of November and will be fantastic... Our students have been working very hard for both performances!
