Principal's Message:

WOW - Hasn't it been a busy term!

I would like to congratulate students on their efforts this term and in particular, the way our students have been applying themselves in the classroom - we are seeing less children out of the classroom and more students inside classrooms and learning - WAY TO GO!

I would like to thank all the school staff who put in 200% each and every day! Working in a busy school is not easy and your school staff really like and enjoy working at MANNING GARDENS! The school staff here are truly

Stay strong!
